Drivers should submit car picture, driver picture, and a brief biography for HSCRA website to Brooke at brookezolocsikmarketing@gmail.com

The mission of HSCRA is much broader than the restoration and preservation of stock car history. Additionally, we bring history back to life in the form of spirited competition with respect for all drivers and the historic stock cars we are fortunate to race. Our series creates an exciting opportunity for spectators of all ages and origins to see these awesome machines race around historic tracks as they were intended to. And most importantly, to create a welcome environment for all race fans to have incredible access to the cars, race tracks, and drivers unlike any other race event. We welcome everyone to join us and share in the amazing sights, sounds, and fellowship of the Historic Stock Car Racing Association.
